START SMALL

One of the simplest and most effective ways to fundraise is to talk about it! Tell people you know about CCF and the work that is happening in Cambodia. Tell them about how you got involved and the needs of the organization.

THINK BIG

For larger fundraising efforts we will provide you with all the support you need. We will work with you to setup a "Fundraising Campaign" on the CCF website, which will allow donations to be made directly to your campaign via our donation platform.

Connecting people to causes

No matter the size or scope of your project, every little bit helps - your donations will go a long way in helping some of the country's most impoverished families.

Targets

Donations that make a difference

Whether it's a little bit or alot, every single donation goes towards transforming Cambodia's most impoverished children by delivering education, family support and community development programs.

\$5

Basic Essentials

Prevents hunger by providing a child with the basic essentials of sustenance with breakfast and lunch every day for a week whilst at school.

\$15

School Uniforms

Instils pride, unity and community spirit by providing two school uniforms for a CCF student to attend school.

\$25

School Starter Pack

Provides a child with the tools for a good education with a School Starter Pack, including two school uniforms, a backpack, books and pens and more goodies for a fun packed day at school.

\$30

Vital Medical Care

Provides a mother with vital medical care, preventing child labour. The lack of healthcare contributes to child labour and children miss vital years in school. If a family member is sick, children often need to stay home to look after siblings, or need to work to provide income for the family.

\$40

Education Materials

Furnishes a brighter future for a CCF student attending University by providing one month of essential educational materials and supplies to continue their studies.

\$50

Leadership Training

Develops leadership skills by giving a CCF student the opportunity to attend an immersive leadership training camp, providing skills to thrive and become a future leader of change.

\$100

Nutritional Support

Can save a life by giving a child who is severely malnourished the critical treatment they require. The low incomes of scavenger families often means nutritionally poor diets for children, resulting in devastating malnutrition that hinders their physical and mental development.

\$200

Operation Rescue

Rescues a child through education. CCF's Operation Rescue program ensures that those students who have missed years of schooling are not left behind by providing extra classes enabling them to catch up and graduate from high school at an appropriate age.

\$300

Rice for the Family

Purchases a tonne of rice. Low incomes earned scavenging for recyclables is not enough to provide meals for the family which can be devastating to their wellbeing. Children cannot learn with empty stomachs. CCF provides over 100 tonnes of rice a year.

\$500

Care Package

Gives a family a head start by providing a CCF care package of items they otherwise are unable to purchase such as food, water, pots and pans, rice cookers and bedding.

\$600

Elderly Community

Cares for an elderly community member for a year with food, financial support, medical care and social engagement, allowing them to live in dignity and focus on instilling their wisdom, values and tradition back into the community.

\$1,000

Career Counselling

Empowers 55 grade 12 students with the vital stepping stone of career counselling workshops.

\$3,000

Foster Home
